

2016 Production Summary and 2017 Production Plan

Product name	Finished Production volume in 2016	Production anticipation in 2017	Research Projects in 2017	Research Projects in 2017
Activated alumina(Desiccant, adsorbent, catalyst, Impregnated activated alumina	13590 metric tons	14000 metric tons	Promoted activated alumina,special gamma alumina for catalyst	4 projects
Pseudoboehmite(Common Pseudoboehmite, Soda Pseudoboehmite, large pore Pseudoboehmite	19000 metric tons	20000 metric tons	Pseudoboehmite	1 projects
Alumina balls	6000 metric tons	6000 metric tons	—	1 project
Molecular sieve(Including Molecular sieve powder)	26000 metric tons	26000 metric tons	Developed PSA Molecular sieve	1 projects

※ The more information about our products and our production, please contact with us. Our second factory, second factory and third factory will all try to satisfy your production plan. Please contact ZiBo Xiangrun Environment Engineering Co.,Ltd and Shandong Bairui Chemical Technology Co.,Ltd. Please call 86-533-3037068; 86-533-7862311, or email us " info@xradSORBENT.com; sales@aluminaadsorbents.com.
